Here are a few quotes from some other brides that have worked with us in the past, plus one quote from someone who regrets not using us and wishes they could do it over again.

“Your playing was amazing, thank you for being willing to play for my wedding” Merideth Harvey

“That was the most moving performance I have ever heard” Paige Lightsey

“If we could get married again, we would want Jarrod Haning to play at our wedding” Jeff Francis

JHaning Music when only the best will do.

Some Brides will hire students, in an effort to save money on the most meaningful day of their life. The temporary illusion of cheap musicians seems great until they come back from the honeymoon and watch their wedding video. Then they regret having their friends and family sit through the awkward scratchy music of amateur players. But it's too late, the student's mistakes have been recorded forever on video.

Don't let this happen to you. Call now, and get the peace of mind that only a professional group will give you.
